Certification and Compliance

Regulatory Model: M202215001

Federal Communications Commission (FCC) Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions:
(1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC regulations restrict the operation of this device to indoor use only.

This product complies with the FCC portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in the product documentation. Further RF exposure reduction can be achieved if the product is kept as far as possible from the user or is set to its lowest output power settings (if this function is available).

NOTE: The country code selection is available for non-US models only. Per FCC regulations, all Wi-Fi® communications products marketed in the US must be fixed to US operation channels only.

This product is prohibited from controlling or communicating with unmanned aircraft systems, including drones.

Industry Canada (IC) Compliance Statement

CAN ICES-3 (B)/NMB-3(B)

ISED Canada: This device contains licence-exempt transmitter (s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: 1. This device may not cause interference. 2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : 1. L'appareil ne doit pas produire de brouillage; 2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This product complies with the Canada portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in the product documentation. Further RF exposure reduction can be achieved if the product is kept as far as possible from the user or is set to its lowest output power settings (if this function is available).

Ce produit est conforme à la limite d'exposition RF portable du Canada établie pour un environnement non contrôlé et est sans danger pour le fonctionnement prévu tel que décrit dans la documentation du produit. Une réduction supplémentaire de l'exposition RF peut être obtenue si le produit est maintenu aussi loin que possible de l'utilisateur ou est réglé sur ses paramètres de puissance de sortie les plus bas (si cette fonction est disponible).

The device operation in the band 5150-5250 MHz is for indoor use only to reduce the potential for harmful interference to co-channel mobile satellite systems.

Le fonctionnement de l'appareil dans la bande 5150-5250 MHz est destiné à une utilisation en intérieur uniquement afin de réduire le potentiel d'interférences nuisibles aux systèmes de satellites mobiles co-canaux.

The device may contain radios capable of transmitting in the 5150-5350 MHz frequency range (such as 5G Wi-Fi networks). This frequency is restricted to indoor use only.

This product is prohibited from controlling or communicating with unmanned aircraft systems, including drones.

Il est interdit à ce produit de contrôler ou de communiquer avec les systèmes d'aéronefs sans pilote, y compris les drones.

Crestron Electronics, Inc. declares that the radio equipment type M202215001 is in compliance with Directive 2014/53/EU and UK Radio Equipment Regulations 2017 SI 2017/1206. The full text of the EU declaration of conformity is available at the following internet address: www.crestron.com/Support/Resource-Library.

The frequency and maximum transferred power in the EU is provided below.

Frequency	Max. Transmitted Power
2402–2480 MHz	9.82 dBm (BT/EDR)
2402–2480 MHz	9.79 dBm (BTLE)
2412–2472 MHz	19.75 dBm
5180–5240 MHz	21.42 dBm
5725–5850 MHz	13.84 dBm
5945–6425 MHz	13.97 dBm

As of the date of manufacture, the product has been tested and found to comply with specifications for CE marking.

The Waste Electrical & Electronic Equipment (WEEE) directive marking on a product indicates that it should not be disposed of with general waste. Instead, you are encouraged to reuse or recycle the product in accordance with Directive 2012/19/EU of the European Union. Proper disposal of this product will help prevent potential negative effects on the environment and human health, which could otherwise be caused by inappropriate waste handling. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation. For information about recycling this product, please contact your household waste disposal service, your original distributor, or Crestron.

取得審驗證明之低功率射頻器材，非經核准，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。
低功率射頻器材之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前述合法通信，指依電信管理法規定作業之無線電通信。低功率射頻器材須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。
應避免影響附近雷達系統之操作。
注意！
使用過度恐傷害視力。
a、使用30分鐘請休息10分鐘。
b、未滿2歲幼兒不看螢幕，2歲以上每天看螢幕不要超過1小時。
