- > Gangable for custom wall, lectern, and rack mount applications
- > Available in white or anthracite
- > Faceplate sold separately^[2]

Media Presentation Wall Plates complete the total Crestron® package, ensuring end-to-end Crestron quality for every installation. A range of wall plates is offered to support all types of analog and digital video, audio, and control signals. The MPI-WP International Version wall plates are designed to fit both European (DIN 49073) and UK (BS 4662) wall boxes^[1], and are finished using decorative face plates.^[2]

The MPI-WP150 features one (1) Type A HDMI connector and one (1) 3.5 mm mini-TRS connector, labeled for HDMI and stereo audio. A bulk-head type feed-through connector is used, which provides a female HDMI connection at the rear of the wall plate to facilitate installation using a standard HDMI cable. Audio wiring is connected via a 3-pin terminal block.

The MPI-WP150 supports HD and UHD video signals with resolutions up to 4K60 4:2:0 and 4K30 4:4:4.

Notes:

1. Electrical box not included. Requires a 68 mm minimum mounting depth. Some cables and connectors may necessitate additional mounting depth.
2. Faceplate not included. Requires an FP-INTENSE or FP-PURE faceplate, available in 18 colors and finishes up to 5-gang in size. Contact Crestron International by phone: +32.15.50.99.50 or email: info@crestron.eu.
