

Wireless Mouse Label Kit: SP-LK

The SP-LK label kit is designed to allow wireless mouse users the ability to easily create custom user-friendly mouse control inlays. Simply peel the desired labels from the sheet provided and stick them onto the inlay card in the correct position.

Label Sticker Sheet

Inlay Card
(3 supplied)

Installation

1. Use a coin or similar object to gently open the clear plastic cover on the wireless mouse. An access tab is located at the top of the cover.
2. Remove the existing inlay and place the new inlay into position.
3. Securely close the cover.
4. Verify that the labels have been installed in the proper position.

Note: Detailed instructions are available in the latest revision of the **CNWM & CNWML Operations Guide (Doc. 5700)**.
