

Indoor Desktop Docking Station for UFO-WPR-3ER

The UFO-WPR-3ER-DS is a docking station and battery charger designed specifically for use with the [UFO-WPR-3ER](#) Waterproof Wireless LCD Remote. It is designed to sit on a table or countertop^[1], and includes magnets to hold the remote in place while docked. The docking station is powered by an outlet-mounted power pack, model [PW-0510WU](#) (included).

In addition to charging the UFO-WPR-3ER remote during normal use, the docking station is also utilized at setup time by the installer to load the configuration project to the remote. A USB computer port is provided behind a small cover plate for use in configuring the remote.

One UFO-WPR-3ER-DS docking station is included with every UFO-WPR-3ER remote. Additional units may be purchased as replacements or to provide multiple docking locations. For wall mount and outdoor applications, use model [UFO-WPR-3ER-DSCE](#) (sold separately).
