

The Crestron® EDU-500 Student Collaboration Workstation provides all the hardware required to build a collaboration solution for an educational setting.

### 1 Preparation

#### Verify Contents

Check the table below for the system's package contents before starting installation. The following items are included:

QUANTITY	ITEM	PART NUMBER
1	CBL-CAT5E-7, Ethernet LAN Cable, 7 feet (2.13 m)	6509924
4	CBL-HD-6, HDMI Interface Cable, 6 feet (1.83 m)	6503565
1	CBL-HD-20, HDMI Interface Cable, 20 feet (6.10 m)	6503567
1	HD-WP-4K-401-C, 4K Multi-Window Video Processor with HDBaseT® & HDMI® Outputs	6507977
4	TT-100-B-T, Crestron Connect It™ Cable Caddy w/120V Outlet, No Cables, Black Textured	6506815

#### Additional Requirements

The following items are also required to build a student collaboration workstation.

- A video display (not included) must be connected to the HD-WP-4K-401-C.
- Source devices (not included) may be connected to the TT-100-devices.

### 2 Connect the System

HD-WP-4K-401-C

Make the following connections to the HD-WP-4K-401-C:

- ❶ Connect each of the four CBL-HD-6 cables to one of the HDMI INPUT ports, and then route each cable through one of the TT-100 devices as described in the TT-100 Series DO Guide (Doc. 7833) at [www.crestron.com/manuals](http://www.crestron.com/manuals).
- ❷ Connect each of the four USB 2.0, A to Micro B cables (included with each TT-100 device) to one of the USB INPUT ports and to the micro USB port on the appropriate TT-100 device. Ensure that each TT-100 device is connected to a matching HDMI and USB input pair on the HD-WP-4K-401-C.
- ❸ Connect a video display device (not included) to the HDMI OUTPUT port with the CBL-HD-20 cable.
- ❹ Connect the LAN to the  (LAN) port using the CBL-CAT5E-7 cable.
- ❺ Connect power cord included with the HD-WP-4K-401-C to an ac power outlet.

### 3 Apply Power and Present Sources

When all connections are made, apply power to all of the devices in the system. Then, use the HD-WP-4K-401-C out-of-the-box functionality to present audio/video sources connected to the TT-100 devices on the video display device. If more than one source is connected, two or more equally-sized windows appear on the display. Press the button on the TT-100 while the LED is blue to display the associated source as a full-screen window on the display. Press the button again while the LED is green to allow the display to return to the previous configuration (two, three, or four windows). For more information, refer to the HD-WP-4K-401-C DO Guide (Doc. 7900) at [www.crestron.com/manuals](http://www.crestron.com/manuals).

### 4 More Information

For more information, refer to the HD-WP-4K-401-C DO Guide (Doc. 7900), the HD-WP-4K-401-C Supplemental Guide (Doc. 7901), and the TT-100 Series DO Guide (Doc. 7833) at [www.crestron.com/manuals](http://www.crestron.com/manuals).
