## Sonos® Arc Smart Soundbar, Black

- 3D sound with Dolby Atmos® technology
- Eleven high-performance drivers for rich bass and clear dialogue
- Stream music and more even when the TV is off
- Voice control with Google Assistant™ and Amazon® Alexa™ voice services
- Simple connection to your TV using HDMI® eARC
- Works with Apple® AirPlay® 2 software
- Easy integration with Crestron® control systems and Crestron Home™ systems
- Expansively controllable using Crestron TSW series touch screens<sup>1, 2</sup>

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

Bring entertainment to life with the realistic sound of Arc, the premium smart soundbar for TV, movies, music, and more. Surround yourself with 3D sound from Dolby Atmos® technology, and enjoy control with your TV remote, your voice, the Sonos app, and Apple® AirPlay® 2 software.

### 3D Sound with Dolby Atmos® Technology

Experience shows, movies, and games with the immersive sound of Dolby Atmos® technology. Arc's upward-firing drivers create a multi-dimensional soundstage that renders every whisper and explosion with dramatic clarity, detail, and depth.

**NOTE:** The connected TV must support Dolby Atmos for Dolby Atmos content to be played through the audio return channel.

### Immerse Yourself In the Music

Stream music, radio, podcasts, and more from your favorite services with the Sonos app, Apple® AirPlay® 2 software, or a Crestron device, even when the TV is off.

### A Truly Powerful Soundbar

Eleven high-performance drivers, including custom elliptical woofers and angled side tweeters, produce vivid detail and impressive bass.
