## Sonos® One SL™ Speaker for Stereo Pairing and Home Theater Surrounds, White

- Get rich, room-filling sound and control it with the Sonos® app, Apple® AirPlay® 2 software, and more
- Compact design fits any space: kitchen countertop or office bookshelf, even the bathroom
- Pair with One™ or another One SL™ speaker in the same room for stereo separation and more detailed sound
- Use a pair as rear home theater surrounds with Playbar®, Playbase®, or Beam™ devices

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

The compact design of the Sonos® One SL™ fits just about any space, from a kitchen countertop to an office bookshelf. It's humidity resistant so it can even be placed in a bathroom. Pair it with a One™ or another One SL speaker to create a stereo pair. Use a pair as rear home theater surrounds with a Playbar®, Playbase®, or Beam™ devices. Easily connect Sonos speakers in different rooms over a Wi-Fi® network to create a home sound system.
