CAUTION: The combined weight of devices placed on the FT2A-UTK-SHELF must not exceed 5.0 lbs (2.3 kg).

NOTE: Any devices placed on the FT2A-UTK-SHELF should not exceed the dimensions shown in the illustrations above.

Installation

NOTE: Observe the following points before installing the FT2A-UTK-SHELF:

- A maximum of two FT2-UTK-SHELF shelves can be mounted to one FT2 assembly.
- If two shelves are installed, each FT2A-UTK-SHELF must be mounted on opposite sides of the FT2 assembly. (Shelves cannot be mounted perpendicular to one another.)
- FT2A retractors and power supplies cannot be installed on the same side of the FT2 assembly as an FT2A-UTK-SHELF.

Use the following procedure to install the FT2A-UTK-SHELF.

1. Underneath the table, align the two outer slots in the bottom front of the FT2A-UTK-SHELF with the two threaded screw holes on the appropriate side of the FT2 assembly. Refer to the following image for slot and screw hole locations.

2. Insert the two included 10-32 x 3/8" thumb screws into the two screw holes so that the thumb screws engage the top of the outer slots in the FT2A-UTK-SHELF.
3. Hand tighten the thumb screws until the FT2A-UTK-SHELF is secured to the assembly. Do not overtighten the screws.
