WARNING/ADVERTENCIA:

Window blind cord can STRANGLE your child.

La cuerda de la persiana puede ESTRANGULAR a su niño.

To prevent strangulation, purchase cordless products or products with inaccessible cords.

Para evitar el estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

Young children can be strangled by loops in pull cords, chains, tapes and inner cords that operate the product. To avoid strangulation and entanglement, keep cords out of the reach of young children. Cords may become wrapped around a child's neck. Move beds, cots and furniture away from window covering cords. Do not tie cords together.

IMPORTANT SAFETY NOTICE:

Window shades are subject to industry and, in some cases, government standards intended to enhance safety and to protect children against the risk of strangulation from entanglement in window cords. Among other things, these standards govern the treatment of exposed cords, warning labels and hang tags, and the spacing of pleats in finished shades.

You are responsible for ensuring that your finished window shades meet applicable standards. For more information, visit www.wcmanet.org or cpsc.gov (USA), or outside the USA, your applicable industry trade association and government safety agency.
