Wall Mount Back Box for TST-600-DSW International Version: TST-600-DSW-BBI

Description

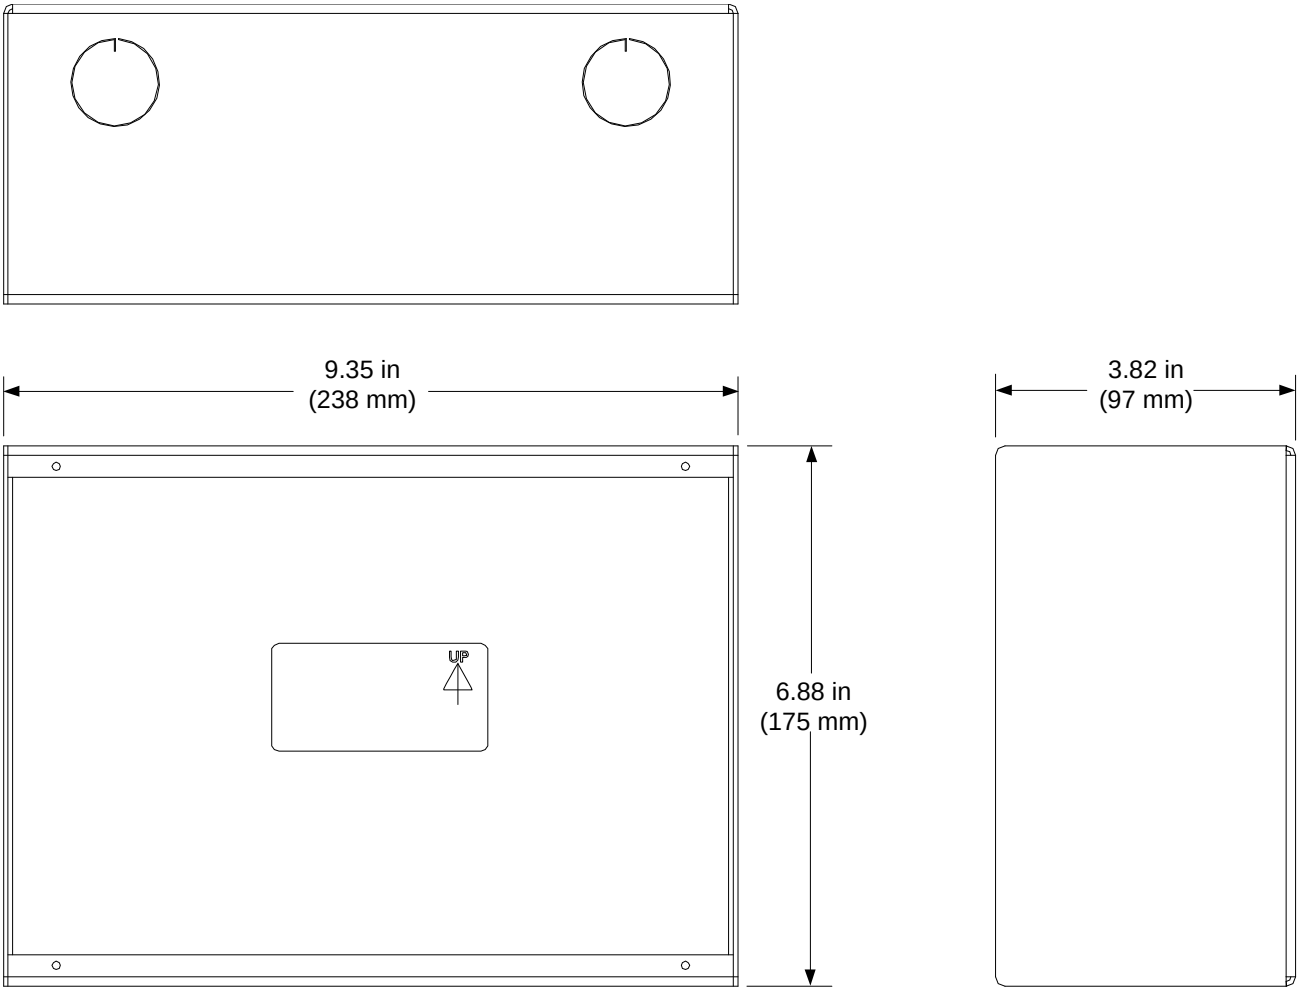
The TST-600-DSW-BBI provides a recess wall-mounted metal back box for the Crestron® TST-600-DSW Wall Mount Docking Station and the TST-600-WALL and TST-602-WALL Wall Mount Wireless Touch Screens. It is designed for installation in concrete and masonry applications. Conduit knockouts are provided on the top and bottom.

NOTE: If mounting in a surface other than a solid material (for example, drywall), Crestron offers a variety of pre-construction and post-construction mounting options. For pre-construction applications, use the TST-600-DSW-BB or TST-600-DSW-PMK. For post-construction applications, use the TST-600-DSW-WMKM or TST-600-DSW-WMKT.

NOTE: Depending on the installation, forced ventilation may be required.

The dimensions of the TST-600-DSW-BBI are shown in the following illustrations.

TST-600-DSW-BBI Overall Dimensions (Top, Front and Side Views)



NOTE: Knockout holes are intended for Class 2 wiring only and are 29 mm (1 1/8”) diameter.

Installation

The hardware supplied with the TST-600-DSW-BBI is listed in the following table.

Supplied Hardware for the TST-600-DSW-BBI

DESCRIPTION	PART NUMBER	QUANTITY
Assembly, Back Box, International	4508551	1
Screw, #06-32 x 1 1/2", Pan, Phil	2007254	4

Make sure the arrow on the label inside the back box is facing upward. Mount the TST-600-DSW-BBI as shown in the illustration below. Depending on the installation, forced ventilation may be required.

NOTE: Remove the appropriate knockouts before installation.

Further Inquiries

To locate specific information or resolve questions after reviewing this guide, contact Crestron's True Blue Support at 1-888-CRESTRON [1-888-273-7876] or, for assistance within a particular geographic region, refer to the listing of Crestron worldwide offices at www.crestron.com/offices.

To post a question about Crestron products, log onto Crestron's Online Help at www.crestron.com/onlinehelp. First-time users must establish a user account to fully benefit from all available features.

Future Updates

As Crestron improves functions, adds new features, and extends the capabilities of the TST-600-DSW-BBI, additional information may be made available as manual updates. These updates are solely electronic and serve as intermediary supplements prior to the release of a complete technical documentation revision.

Check the Crestron website periodically for manual update availability and its relevance. Updates are identified as an "Addendum" in the Download column.
