## Crestron Flex UC Video Conference System Integrator Kit for Microsoft Teams® Rooms

- *Conferencing integration solution for Microsoft Teams® software*
- *Present, call, conference, and collaborate in any room using your choice of AV equipment*
- *Network management and provisioning, system alerts, and the pairing of a touch screen to the UC-C140-T system's UC Engine through the Crestron XiO Cloud™ service*
- *Connects and communicates securely over any enterprise or SMB network*
- *Enterprise-grade security*
- *Direct connection option for simple installation and configuration*
- *Supports single display configuration*
- *Kit contains the 10.1 in. (257 mm) tabletop color touch screen with onscreen calendaring and meeting management, and UC Engine assembly*

The Crestron Flex UC-C140-T system provides a customizable video conference room solution for use with the Microsoft Teams intelligent communications platform. It supports a single video display, and features the UC Engine Assembly with UC-ENGINE-SD and 10.1 in. touch screen.

The UC-C140-T system brings the full Microsoft Teams UC experience to any meeting space in an enterprise or SMB facility, whether implementing a cloud based Microsoft Teams deployment, on-premises Skype® for Business software, or a hybrid of the two.

### Custom Room Integration

The UC-C140-T system provides the essential components needed to design a fully custom video conferencing space using your choice of display devices, cameras, speakers, microphones, and other AV equipment. Any Microsoft Teams software compliant USB camera and USB audio conferencing interface (or speakerphone) may be used. A non-USB camera or camera switcher may also be integrated by adding a video converter, model [HD-CONV-USB-100](#) (sold separately). The UC-C140-T system allows rooms of any size and scale to be designed using Crestron Avia™ digital signal processors and amplifiers, Saros® or Vector™ speakers, and other equipment.

### 10.1 in. Touch Screen

The Crestron TSW-1060 series touch screen makes an elegant statement on any tabletop. PoE (Power over Ethernet) connectivity and a range of mounting options make installation simple for both new and retrofit applications.

The included TSW-1060-TTK provides a convenient tabletop enclosure for the TSW-1060 touch screen. The touch screen is angled when installed in the enclosure. The complete assembly may be placed on any flat, level surface. Wiring may be passed out the rear of the enclosure through a grommet and strain relief, or routed through the bottom for a very clean, cordless appearance.

For more information, refer to the [TSW-1060-B-S](#) and [TSW-1060-TTK-B-S](#) product pages.

### UC Engine Assembly

All the capabilities of a complete Microsoft Teams video conferencing and content sharing solution are empowered by the UC Engine. For ultimate performance, Crestron employs a powerful Intel® NUC Mini PC running Microsoft® software. The UC Engine Assembly (UC-BRKT-100-SD-ASSY) streamlines the installation of a Crestron UC system by assembling the UC-ENGINE-SD, HD-CONV-USB-200, and UC-CONN-HD together on one convenient and ready-to-mount bracket.

The complete assembly can be mounted on the wall, or it can be attached to the rear of the display device. Attachment to the display is accomplished using two of the four bolts that also affix the display to a VESA® compliant display mount. The assembly bracket includes mounting holes on its left and right side edges, spaced at 100 mm (3.94 in.), 200 mm (7.87 in.), and 300 mm (11.81 in.) vertically, to allow for attachment to either side of the display mounting plate on the rear of the display device.

For more information, refer to the [UC-BRKT-100-SD-ASSY](#) product page.

### Network Management and Security

Crestron Flex is an enterprise grade solution, engineered in partnership with Microsoft to integrate seamlessly into any Microsoft Teams or Skype for Business deployment. Crestron Flex is ideally equipped for mass deployment throughout any sized corporate, university, medical, military, or government facility.

IoT cloud based provisioning enables complete network configuration in advance of hardware delivery, with touchless updates following installation via Windows® Update. Crestron Fusion® or Crestron XiO Cloud management enables monitoring and logging of room and equipment usage, as well as centralized help desk support. Advanced security features ensure privacy, reliability, and compliance with your organization's IT policies.

### Crestron XiO Cloud™ Provisioning and Management Service

The UC-C140-T is compatible with the Crestron XiO Cloud™ service, which is an IoT (Internet of Things) based platform for remotely provisioning, monitoring, and managing Crestron devices across an enterprise or an entire client base.<sup>1</sup> The service enables installers and IT managers to deploy and manage thousands of devices in the amount of time it would ordinarily take to manage just one. As part of the UC-C140-T system, the Crestron XiO Cloud service allows for network management and provisioning, system alerts, and the pairing of a touch screen to the UC-C140-T system's UC Engine. System updates are controlled by Windows Update. For more information, visit [www.crestron.com/xiocloud](http://www.crestron.com/xiocloud).

System updates are controlled by Windows Update. For more information, visit [www.crestron.com/xiocloud](http://www.crestron.com/xiocloud).

### Direct Connection

Crestron's direct connection method simplifies installation and configuration with a single connection from the touch screen to the UC-ENGINE-SD.<sup>2</sup> This method accelerates deployment, ensures reliability, and provides long-term service while eliminating network setup dependencies related to hardware and security requirements.

### Dual Control Option

A Crestron Mercury device or another TSW-1060 touch screen may be added to the UC-C140-T kit as an additional control point for the Microsoft Teams environment.<sup>3</sup>

### Specifications

#### Included Components

<a href="#">TSW-1060-B-S</a>	10.1 in. touch screen, black
<a href="#">TSW-1060-TTK-B-S</a>	Tabletop kit for touch screen, black
<a href="#">UC-BRKT-100-SD-ASSY</a>	UC Engine Assembly, comprised of: UC-ENGINE-SD: UC Engine for Microsoft Teams video; HD-CONV-USB-200: HDMI® to USB 3.0 converter for content ingest; UC-CONN-HD: EDID emulator for UC Engine display output; Mounting bracket
<a href="#">CBL-CAT5E-7</a>	(2) Ethernet LAN cables for UC Engine, RJ45-to-RJ45, black, 7 ft (2.1 m)
<a href="#">PWE-4803RU</a>	PoE injector for touch screen
<a href="#">CBL-USBC-HD-9</a>	USB-C® to HDMI converter cable, USB Type-C® male to HDMI Type A male, 9 ft (2.7 m)
<a href="#">CBL-HD-20</a>	HDMI cable for content source, Type A male-to-male, 20 ft (6.1 m)

#### Tabletop Touch Screen

<b>Touch Screen</b>	10.1 in. (257 mm) diagonal capacitive multi-touch TFT active matrix color LCD, 1280 x 800 pixels, displays Microsoft Teams UI
<b>Ethernet</b>	10/100 Mbps; enterprise grade security and management including IEEE 802.1X, Active Directory® authentication, SSL, TLS, SSH, SFTP (SSH File Transfer Protocol), digest access authentication, password login, HTTPS secure provisioning, Crestron XiO Cloud client, IEEE 802.3at compliant
<b>Power over Ethernet</b>	IEEE 802.3at compliant PoE or PoE+ PD (Powered Device); - Requests 15 W from an 802.3at Type 2 PSE with LLDP advanced power management; - Requests 30 W (PoE+ Class 4) from an 802.3at Type 2 PSE without LLDP; - Requests 15.4 W (PoE Class 0) from an 802.3af (or 802.3at Type 1) PSE

<b>PoE Injector</b>	A PoE injector is included to power the touch screen if network PoE is not available
<b>Construction</b>	Plastic tabletop housing, smooth black finish, edge-to-edge glass with black surround
<b>Dimensions</b>	Height: 5.42 in. (138 mm) Width: 10.23 in. (260 mm) Depth: 5.69 in. (145 mm)
<b>Weight</b>	41.2 oz (1166 g)
	Refer to the TSW-1060-B-S, TSW-1060-TTK-B-S, and PWE-4803RU specifications for additional information.

#### UC Engine Assembly

<b>Mini PC</b>	Intel NUC Kit NUC8i5BEK
<b>Processor</b>	Intel Core® i5-8259U processor (2.3 GHz with 3.8GHz Turbo, Quad Core, Hyper-thread, 6 MB Cache, 28W TDP)
<b>UC Client</b>	Microsoft Teams or Skype for Business Software
<b>Management Client</b>	Crestron XiO Cloud Service
<b>USB</b>	USB 3.0 host supporting USB HID, UAC, and UVC for audio conference soundbar bar, camera, content ingest, and keyboard/mouse devices
<b>Content Ingest</b>	HDMI input via HDMI to USB 3.0 converter (model HD-CONV-USB-200)
<b>Display Output</b>	DisplayPort™ 1.2 via USB Type-C® port, converted to HDMI via converter cable
<b>Camera Input Resolution</b>	HD 1080p @ 30 fps
<b>Content Input Resolution</b>	HD 1080p @ 60 fps
<b>Display Output Resolution</b>	HD 1080p @ 60 fps
<b>Power</b>	19 VDC via external 100-240 VAC, 50/60 Hz adapter (included)
<b>Construction</b>	Metal mounting bracket, black, preassembled with UC Engine and USB to HDMI converter

## Crestron Flex UC Video Conference System Integrator Kit for Microsoft Teams® Rooms

### Mounting

Surface wall mount behind the display device, or attach to the rear of the display device via the bolts attaching the display to a VESA® compliant display mount; the Crestron bracket includes mounting holes on both side edges, spaced 100, 200, and 300 mm vertically, to allow for attachment to either side of the display mounting plate

### Dimensions

Height: 16.00 in. (407 mm)  
Width: 14.00 in. (356 mm)  
Depth: 1.68 in. (43 mm)

Refer to the UC-ENGINE-SD, HD-CONV-USB-200, and UC-BRKT-100-SD-ASSY spec sheets for additional specifications and compliances.

Crestron XiO Cloud Premium Provisioning and Management Service for one device, 1 year subscription

### Notes:

1. New UC-C140-T systems may be added to existing Crestron XiO Cloud subscription accounts at a discounted rate. An additional purchase toward the existing subscription account term may be required. For more information, please contact [license@crestron.com](mailto:license@crestron.com).
2. If the Crestron XiO Cloud service is to be used for management of the touch screen, it must be on the same VLAN as the UC-ENGINE-SD.
3. A maximum of two touch screens or one touch screen and one Crestron Mercury device can be accommodated by the system. Only one device may be connected via direct connection method.

This product may be purchased from select authorized Crestron dealers and distributors. To find a dealer or distributor, please contact the Crestron sales representative for your area. A list of sales representatives is available online at [www.crestron.com/How-To-Buy/Find-a-Representative](http://www.crestron.com/How-To-Buy/Find-a-Representative) or by calling 855-263-8754.

This product is covered under the Crestron standard limited warranty. Refer to [www.crestron.com/warranty](http://www.crestron.com/warranty) for full details.

The specific patents that cover Crestron products are listed online at [patents.crestron.com](http://patents.crestron.com).
