

CLK-YL-AYRDT220-TS-GSK

Thin Door Gasket for Yale® Touch Screen Deadbolt Locks, Black

The CLK-YL-AYRDT220-TS-GSK gasket is used with CLK-YL-YRD220-CR wireless deadbolt locks to convert a 1.38 inch (35 mm) door to a proper thickness for lock installation. The gasket fits snugly between the lock and the door to prevent slippage over time and also provides protection for both the lock and the door, such as from weather or hardware scratches. It is available in a black finish only.
