

SNS-SUBG1US1

Sonos® SUB Wireless Subwoofer, White

- Adds dramatically deeper bass to any Sonos® speaker (or amplified component)
- Zero cabinet buzz or rattle
- Versatile: Place it anywhere – Standing up or lying flat
- One-button setup
- Streams over Wi-Fi®, not Bluetooth®, so the music never stops, even if you get a phone call
- Easy integration with Crestron 3-Series® control systems and Crestron Home™ systems

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

When you pair a SUB with any Sonos speaker, you'll hear parts of your music that you wouldn't hear otherwise. SUB does all the heavy lifting required to deliver the low, low frequencies, letting your other speakers focus on perfecting the mid and high-range frequencies. You won't just hear the difference. You'll feel it.

For complete details on SUB and other Sonos products, please visit <http://www.sonos.com>.
