## Elegance Faceplate for Cameo® Flush Mount Keypad, Slim

Antique Bronze Forbes  
and Lomax Finish Shown

- Compliments Cameo® Flush Mount Keypads ([C2N-CBF-P](#))
- Also available in U.S. ([FPE-C2N-CBF-US](#)) and European ([FPE-C2N-CBF-EU](#)) style models
- Durable all-metal construction
- Choice of 14 textures and finishes
- Quick and easy single-gang installation

Crestron® Elegance faceplates provide a high quality compliment to Cameo® Flush Mount ([C2N-CBF-P](#)) Keypads. The FPE-C2N-CBF faceplates provide an exceptional fit and finish in a wide range styles (U.S., European, Slim) with a lavish collection of solid metal construction options.

### Slim Faceplate Style

The slim style faceplate presents a smaller form factor than U.S. ([FPE-C2N-CBF-US](#)) and European ([FPE-C2N-CBF-EU](#)) styles, and it is available in the same range of textures and finishes.

### Metals and Finishes

Solid metal construction options for the FPE-C2N-CBF faceplates are Brass, Bronze, Nickel, and Steel to suit commercial or residential décors. High quality finishes that accompany these metals include Antique, Polished, Brushed, Satin, Primer, or Silk White. The Satin Nickel finish, for example, furnishes a more industrial setting, while the Antique Bronze, Brass, White, and Primer finishes accent modern or traditional interiors.

### Easy Single-Gang Installation

To allow for a seamless upgrade in single-gang installations, the FPE-C2N-CBF faceplate replaces the factory-installed faceplate on the Cameo keypad ([C2N-CBF-P](#)).
