CE-600

Workplace Technology Solution – Open Presentation Space

> A complete meeting, presentation, and collaboration solution
> Easy to purchase and deploy across any-sized enterprise
> Everything needed (except the display device) for an open presentation space
> Wirelessly display documents, presentations, and video
> Mirroring using iOS®, macOS®, Android®, and Windows® devices
> Low bandwidth for use with existing Wi-Fi® networks
> Secure network connectivity
> Simple, secure guest connectivity
> Auto-disconnect
> See room availability and meeting details on the room display [2]
> Cloud-based provisioning and management support [1]
> Gather room usage data with included occupancy sensor [1]
> Control the room display via RS-232, CEC, or IR
> 3-Year and 5-year SLA purchasing options
> World-class service and support

Provide a simple, scalable, and consistent user experience

Crestron® Workplace Technology Solutions come ready-to-deploy and include everything you need to provide a consistent presentation and collaboration experience for all your meeting spaces. Every kit features Crestron AirMedia® wireless presentation capability and provides each room with the same on-display welcome screen. All Crestron Workplace Technology Solutions are built on the same platform with enterprise-grade network management and security, so every space can be monitored, managed, and controlled securely from a single dashboard.[1]

Open Presentation Space solution featuring AirMedia®

Increase workflow and facilitate collaboration by turning lobbies, lounges, and other open spaces into productive meeting spaces. No furniture, dongles, or dedicated wireless networks are needed. The CE-600 kit features the Crestron AM-200 AirMedia Presentation System, which connects to any display to enable wireless presentation from laptops and mobile devices. XiO Cloud™ provisioning makes it easier to deploy and manage across thousands of rooms.[1]

What's included:

• Crestron AM-200 AirMedia presentation system
• Cables and IR emitter
• Wireless occupancy sensor
• World-class service and support

Purchasing options

Crestron makes it easy for organizations to implement Workplace Technology Solutions with purchasing options that work with both capital expenditure (CAPEX) and operating expenditure (OPEX) budgeting cycles. In addition to a one-time "buy now" option, Crestron offers 3-Year and 5-Year SLA pricing options, which allow customers to spread the cost of their technology investment over a 3 or 5 year period.

Included Components

AM-200 AirMedia Presentation System 200, Qty. 1
CBL-HD-6 High-Speed HDMI® Cable, 18 Gbps, 6 ft (1.8 m), Qty. 1
