## Workplace Technology Solution – Large Open Presentation Space

- > A complete meeting, presentation, and collaboration solution
- > Easy to purchase and deploy across any-sized enterprise
- > Everything needed (except the display device) for a large open presentation space
- > Provides wired and wireless device connectivity
- > Wirelessly display documents, presentations, and video
- > Mirroring using iOS®, macOS®, Android®, and Windows® devices
- > Low bandwidth for use with existing Wi-Fi® networks
- > Secure network connectivity
- > Simple, secure guest connectivity
- > Auto-disconnect
- > Wall plate HDMI® input
- > See room availability and meeting details on the room display<sup>[2]</sup>
- > Cloud-based provisioning and management support<sup>[1]</sup>
- > Gather room usage data with included occupancy sensor<sup>[1]</sup>
- > Control the room display via RS-232, CEC, or IR
- > 3-Year and 5-year SLA purchasing options
- > World-class service and support

### Provide a simple, scalable, and consistent user experience

Crestron® Workplace Technology Solutions come ready-to-deploy and include everything you need to provide a consistent presentation and collaboration experience for all your meeting spaces. Every kit features Crestron AirMedia® wireless presentation capability and provides each room with the same on-display welcome screen. All Crestron Workplace Technology Solutions are built on the same platform with enterprise-grade network management and security, so every space can be monitored, managed, and controlled securely from a single dashboard.<sup>[1]</sup>

### Large Open Presentation Space solution featuring AirMedia® and DigitalMedia™

Increase workflow and facilitate collaboration by turning lobbies, lounges, “all hands” gathering areas, and other open spaces into productive meeting spaces. No furniture, dongles, or dedicated wireless networks are needed. The CE-700 series kit features the Crestron AM-300 AirMedia Presentation System, which connects to any display to enable wireless presentation from laptops and mobile devices. A wall plate DM 8G+® transmitter is included to provide a wired HDMI® input anywhere in the space. XiO Cloud™ provisioning makes it easier to deploy and manage across thousands of rooms.<sup>[1]</sup>

#### What's included:

- Crestron AM-300 AirMedia presentation system
- DigitalMedia 8G+® wallplate transmitter
- Cables and IR emitter
- Wireless occupancy sensor
- World-class service and support

### Purchasing options

Crestron makes it easy for organizations to implement Workplace Technology Solutions with purchasing options that work with both capital expenditure (CAPEX) and operating expenditure (OPEX) budgeting cycles. In addition to a one-time “buy now” option, Crestron offers 3-Year and 5-Year SLA pricing options, which allow customers to spread the cost of their technology investment over a 3 or 5 year period.

### Included Components

- AM-300 AirMedia Presentation System 300, Qty. 1
- DM-TX-4K-100-C-1G-B-T Wall Plate 4K DM 8G+ Transmitter 100, Black, Qty. 1 (CE-700-B only)
- DM-TX-4K-100-C-1G-W-T Wall Plate 4K DM 8G+ Transmitter 100, White, Qty. 1 (CE-700-W only)
- CBL-HD-6 High-Speed HDMI® Cable, 18 Gbps, 6 ft (1.8 m), Qty. 1
- CBL-USB-A-BMICRO-6 USB Cable, Type A Male to Micro-B Male, 6 ft (1.83 m), Qty. 1
- CBL-CAT5E-P-50 CAT5e Cable, Plenum, RJ45-to-RJ45, 50 ft (15 m), Qty. 1
- IRP2 IR Emitter, Qty. 1
- ZUMMESH-AVBRIDGE Wireless Control Integration Module, Qty. 1
- ZUMMESH-PIR-OCCUPANCY-BATT Wireless Battery-Powered Occupancy Sensor, Qty. 1

*Note: For additional details and specifications, refer to the individual spec sheet for each component.*
